## THERE'S A HOLE IN THE WALL OF YOUR HOUSE!

### And HERO wants to help you fix it

The average home in Harbord Village has air leaks equal to a 22x22 inch (56x56 cm) hole in the wall, the size of the frame Tim Grant is holding. 24 hours a day. 7 days a week. 365 days a year. Forever.

That is what we have learned from the 65 Harbord Village homes that have been audited under the HVRA HERO Project. We are all paying way more than we need to cool our houses in summer, and heat them in winter – about \$200 per year on our energy bills.

Air sealing is the most cost-effective thing we can do to reduce energy use and increase comfort in our homes. Plugging up the leaky spots in your basement, walls, and around your windows and doors takes one day, costs \$300 to \$500, and can qualify for \$380 to \$860 in government grants.

*Can't spare the time to get it done?* The average audit takes 45-60 minutes.

*Can't spare the money?* With the incentives and the HERO grant, the audit costs \$131.75.

*Don't know who can do the work?* HERO will provide a list of contractors who can help you.

*Worried that the audit will commit you to work you can't afford?* There is no obligation.

*Don't think you need an audit?* You must have an audit before you do the work to qualify for the incentives.

See our summary of federal and provincial government incentives – you could qualify for up to \$10,000 in grants if you get an audit and make the improvements.

Harbord Village can be the greenest neighbourhood in Toronto. Sign up on the form on the reverse side. This is a limited time offer.

## HERO'S HOME ENERGY ASSESSMENT SIGN-UP FORM

The Harbord Village Residents' Association's Home Energy Retrofit Opportunity (HERO) project will arrange home energy assessments for Harbord Village residents. Information collected during the assessments will be used to develop a home energy efficiency profile for our community and to help plan subsequent stages of the HERO project, including group purchase of home energy upgrades.

I request Carson Dunlop & Associates to perform an energy assessment of my home.

I understand that information on the energy efficiency of my home will be combined with that of other homes in the HERO project for the purpose of developing a community energy efficiency profile so that subsequent stages of the project can be designed. HERO participants will receive a rebate from the province and \$25.00 from HVRA on completion of their energy assessment.

Name: \_\_\_\_\_ PLEASE PRINT CLEARLY

Address: \_\_\_\_\_

Telephone: H: \_\_\_\_\_ W: \_\_\_\_\_ E-mail: \_\_\_\_\_

Approx. floor area of home in square feet: \_\_\_\_\_ or in square metres: \_\_\_\_\_

Number of units in property (extra charges may apply for more than one unit): \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Drop off or mail a signed copy of the form to David Booz, HERO Project Coordinator, 286 Borden Street, Toronto M5S 2N6, phone 416 806 2669, or scan the signed form and e-mail to [hero@harbordvillage.com](mailto:hero@harbordvillage.com).**

The HVRA HERO project is supported by a Live Green Toronto Community Investment Program grant from the City of Toronto.

**SEE THE REVERSE SIDE FOR PROJECT INFORMATION**

**DONATIONS NEEDED:** We have yet to raise the remaining \$5,000 of this \$25,000 project. Through a partnership with Toronto Central Lions, charitable tax receipts will be provided for donations of \$30 or more. Please give generously. Make your cheque payable to 'Toronto Central Lions', note 'HVRA HERO' on the front, and get it to David Booz as indicated above. Thanks for your support.
